## Five Transportation Alternatives Advance in 11400 South EIS

The 11400 South area extending from 12300/12600 South to 10600/10400 South from Bangerter Highway to 700 East within Draper, Riverton, Sandy and South Jordan cities is one of the fastest-growing areas of the state. Total population within these four cities is expected to increase by 90 percent over 2000 population numbers, by the year 2030.

To keep pace with increasing population growth, the Federal Highway Administration (FHWA) and the Utah Department of Transportation (UDOT) are preparing an Environmental Impact Statement (EIS) to identify the transportation needs and issues within the 11400 South area. The first phase of the EIS determined that there was a purpose and need for a transportation solution to improve mobility and provide transportation infrastructure to support economic development.

Last fall, 12 alternative transportation solutions were developed and evaluated. These alternatives have been narrowed down to five, including a no-build alternative. Alternatives were advanced based on ability to improve mobility, cost, and public comment. The five advancing alternatives, including maps and descriptions, can be reviewed on the project website at [www.udot.utah.gov/11400south/eis\\_process.asp#alts](http://www.udot.utah.gov/11400south/eis_process.asp#alts).

The advancing alternatives are currently undergoing further analysis, and the selection of the preferred alternative will be announced this summer at a public hearing open house. Details about the open house will be posted on the project website at [www.udot.utah.gov/11400south](http://www.udot.utah.gov/11400south).

Comments are welcome at any time, and all comments submitted will be considered in the selection of the preferred alternative. Comments can be offered in the following ways:

## ANNUAL SPRING CLEAN UP

South Jordan City Public Services will be having our Annual Spring Clean Up Day on Saturday, **April 17, 2004**. We will be accepting waste from 7:00 a.m. to 3:00 p.m. for South Jordan residents. Any resident wishing to use the dumpsters after 3:00 p.m. **will be turned away**, allowing South Jordan City staff adequate time to dispose of the dumpsters.

The City will provide dumpsters at **10960 Park Rd.** (1800 W.), located in the park, and the site will be staffed for your convenience. Waste can be deposited free of charge.

**HOUSEHOLD HAZARDOUS WASTE,  
CONSTRUCTION WASTE, AND TIRES  
WILL NOT BE ACCEPTED.**

**NEW GARBAGE CANS ARE COMING IN MAY**

**Please keep this notice for your reference.**

We will be delivering new garbage containers to homes from May 14-28. Delivery will follow the normal schedule for garbage collection but will be phased over 11 weekdays. We will be following established garbage collection routes. See below for your route and designated day.

Three actions are expected on your designated day for container(s) replacement:

1. Since it will be your regular garbage day, all Waste Management containers are to be taken, by residents, to the street for normal collection.
2. After collecting the waste from the containers, another Waste Management crew will remove the Waste Management containers. **Please do not retrieve the old containers from the street.** If Waste Management does not collect containers by the day after your garbage day, please contact Waste Management at 280-8200.
3. The City will deliver the same number of garbage containers (the City's new 96-gallon containers are graystone in color and marked with the City's logo) as you currently have, to each house. Serial numbers will be recorded. These new containers are for your use. The serial numbers allow us to track the City cans. You are responsible for the can(s) assigned to your address.

The following table will establish your route and designated day for replacement of containers (note: garbage and recycling collection will continue, for all areas, on the usual day of each week, whether or not a route is designated for replacement of containers):

Regular Garbage Collection Day	Designated Delivery Date	Route #	Areas include, all residences...
Monday	May 17	77	North of 10600 South between I-15 and 1300 West (east side); South of 10600 South between I-15 and Jordan River
	May 24	80	South of 10400 South between Jordan River and 1300 West (east side)
Tuesday	May 18	77	North of 11400 South between 1300 West (west side) and Redwood Road (east side)
	May 25	80	North of 11400 South between Redwood Road (west side) and 2200 West (east side); South of 11400 South between 1300 West (west side) and Redwood Road (east side)
Wednesday	May 19	77	South of 10400 South between 2200 West (west side) and 2700 West (east side); South of 11400 South between Redwood Road (west side) and 2700 West (east side);
	May 26	80	South of 10400 South between 2700 West (west side) and Bangerter Highway; South of 11400 South between Bangerter Highway and 6000 West (includes Country Crossing and Sunstone)
Thursday	May 20	77	North of 10400 South between 2200 West (west side) and 2700 (east side)
	May 27	80	North of 10400 South between 2700 West (west side) and 3200 West (east side)
Friday	May 14	82	North of 10400 South between 3200 West (west side) and 4000 West (east side); South of 10200 South between Bangerter Highway and 4400 West
	May 21	77	Northwest of Bingham Creek to 5200 West; Southwest of Bingham Creek and within the easternmost fairways of Glenmoor Golf Course (includes Tayside Drive, Tweed Drive, Tee Box Drive, Birdie Way, and circles and cul-de-sacs off these streets)
	May 28	80	North of 10200 South between 4000 West (west side) and the easternmost fairways of Glenmoor Golf Course and Bingham Creek (north of Skye Drive)

This notice, and a map, will be placed on the City's website ([www.ci.south-jordan.ut.us](http://www.ci.south-jordan.ut.us)) for your reference.

This procedure does not apply to those residents where the City has already provided the new containers (since January 1, the City has been issuing new containers to new residences and to those residences where it is necessary to replace damaged containers). Planned unit developments, where the City does not provide garbage services, are not affected.

This program of garbage container replacement will not affect recycling containers (greenstone marked with the City's logo, and labeled for recycling).

Queries may be directed to South Jordan City Utility Billing at 254-3742.

Mark your calendar for June 4th or 5th 2004 when the South Jordan Historical Committee will present

## South Jordan Garden Club Tour of the World-Famous Temple Square Gardens

Congratulations to **LuRae Rowe**, the winner of the Indoor Light Garden at our February seminar. A huge thanks goes to Maggie Wolf from the Utah State Extension Service for an informative and fun presentation.

The next South Jordan Garden Club event is a guided tour of the world famous Bulb and Pansies Gardens at the Church of Jesus Christ of Latter Day Saints' Temple Square in downtown Salt Lake City. The master gardeners from Temple Square that presented at our seminar last fall have graciously invited us to see the glorious spring blooms. This exciting event is on Thursday, April 22nd at 7:00 p.m. Plan to meet at the fountain on Temple Square, by the south doors of the Church Office Building, located on North Temple and State Street. Trax would be a great way to get downtown. The tour begins at 7 p.m. sharp.

### Kenya, Africa Humanitarian Project: Secondary Education for Orphans

During the week of March 8-12, 2004, South Jordan Middle School raised funds to support another secondary education school in Kenya, Africa. They raised enough to support thirty-five orphaned children in Kenya who wished to continue their education and improve their vocational skills. The contributions of South Jordan Middle School students allowed the children to go to school and receive job training, they would not have otherwise.

Susan Roylance, a long-time South Jordan resident, is currently in Kenya serving as the Onsite Manager and working with a non-profit organization called Reach the Children. Working with Susan Roylance and Reach the Children, the Student Body Officers, PTSA, and Miss South Jordan Brooke Christensen planned and carried out the fundraiser. We thank the community for their support and contributions!

### Miss South Jordan Brooke Christensen 2003-2004

Brooke Christensen has represented the City of South Jordan participating with United Families International, attending meetings of the United Nations in New York and serving as a panelist for discussion on marriage, God, and family in Washington D.C. She has been honored with an invitation to serve as a delegate to the Third World Congress Of Families to be held in Mexico City March 29 - 31, 2004.

We would like to recognize, and thank, the following as contributors to Miss South Jordan's participation at the World Congress of Families in Mexico City: Mike Riddle, Control, Inc., and Babcock and Associates.

A recent Proclamation was presented to Brooke Christensen in recognition of her status as an Ambassador of the City of South Jordan, State of Utah, United States of America as representing, to the world, our joint celebration of the family.

### Help Keep Our Parks Clean

South Jordan City Parks and Ordinance Enforcement division maintain and enforce regulations to keep all our Parks clean. We are asking for your cooperation in remembering that while you enjoy a leisurely walk, with your dog, please note that it is a violation of South Jordan City's code, 6.08.020(5), to not clean up after your dog.

### South Jordan City Annual Rabies Clinic
